Custom-built bedroom and office furniture from East Anglian craftsmen

Established in 1985, Mirror Image has grown to become East Anglia's premier fitted furniture company. With showrooms in Norwich, Cambridge and soon to be opened, Ipswich, we have served the region for over 32 years and all our furniture is manufactured by our own craftsmen, in our own factory.

We offer a free comprehensive planning and design service, and as all our furniture is made to measure and custom built, our experienced designers can make use of every millimetre (inch) of available space. This allows us to incorporate features such as chimney breasts and sloping ceilings.

All of your furniture will be built in our Norwich Factory and installed by our own fitters. We will provide you with a complete service from idea to installation.

We offer both sliding and hinged door solutions to best meet your needs. ***"We make great value-for-money furniture, on a like-for-like quotation you will find it difficult to beat us on price!"***

We are so confident of our workmanship that we are happy to offer a 10 year guarantee.

We were delighted with the work Aaron and his mate did here on Wednesday. They were courteous, efficient and friendly and involved us when there was more than one option. On the matter of achieving maximum height in the double hanging area they were brilliant. It's a pleasure to do business with you. ”

...how pleased my wife and I are with the design, manufacture and installation of our fitted bedroom - such a clever and stylish utilisation of limited space.

Mr and Mrs B. Bar Hill, Cambs.

...includes angled sliding doors!

The whole transaction, from the showroom, Scott at the design stage and the two fitters, has been exemplary. The lady at the showroom was very informed but not pushy. Our first impression was a good one. The designer, Scott, was like a breath of fresh air compared to others we have had. He was quick, oozed confidence and was very good at his job. We were delighted with his recommendations and final design. The two fitters, Jason and his colleague, were extremely efficient, polite and have done a fantastic job with the fitting. We are very, very pleased with the finished job and would have no hesitation in recommending your company.

A style to suit every home

My wife and I are very pleased with the bedroom wardrobes and dressing table you recently fitted. We would have no hesitation in recommending both the company and the men who carried out the installation. Many thanks to all.

Mr J England.

Business with pleasure

Working from home is becoming the 'new normal' for many of us, and is set to become a long term change for a large proportion of office based workers in the UK. Whether home working full time or part time, having a dedicated work space is absolutely crucial not just for staying focused and productive - but for keeping a healthy work-life balance too!

We are delighted and very pleased with the installation. It's difficult to imagine the finished units from a drawing but I need not have worried. The 2 men who installed it all were very good, polite helpful and considerate. They left the room very clean and we could recommend them and Mirror Image to anyone interested. We would also be pleased to let anybody see the finished product.

I & J Pryor.

Dedicated home working space

All our home offices are also made to measure incorporating all the features you would expect to find in a modern office - from pedestal desks, filing cabinets, cable ports, adjustable shelving and pull-out trays, working from home has never been easier.

I have used Mirror Image previously so was happy to place more business with them again. Today I had a fitted wardrobe installed by Adam who I found to be personable, approachable and above all polite. He worked methodically through the day, and produced the highest standard of work. I am really pleased with the installation and cannot fault the quality and the finish so a big thank you and thumbs up. ”

Mr A. Shipp.

Space-saving in style

The fitters were amazing-Skilful and professional. They were diligent, arrived on time and worked the whole day without a break. I respect and admire them so much! Now the desk, the bookcase, the wardrobes, the bedside cabinets are all installed in my house, they look gorgeous!
